Organisation: Prerana
Project: Sanmaan
Job Title: Project Co-ordinator
Location: Mumbai
Job Type: Full-Time
No of positions: 1

About Prerana:

Prerana is a civil society organisation that started its work in 1986 by addressing the issue of intergenerational trafficking into the sex trade in Kamathipura, the then largest red-light area in Asia. Prerana strives to ensure optimum protection of children. This is reflected in the broad spectrum of interventions that provide a continuum of care by addressing issues of child sexual abuse in parallel with anti-human trafficking. Since its establishment in 1986, Prerana’s pioneering efforts have been instrumental in supporting victims through the entire cycle from prevention to repatriation. Over a period of three decades, Prerana has been successful in addressing larger issues around sex trafficking, gender-based violence, child sexual abuse and child protection and has been instrumental in bringing policy level changes through their strong advocacy.

About Sanmaan:

Project SANMAAN (which means dignity) aims to enable children found begging in the streets of Mumbai to enjoy their rights and be free of exploitation. This project focuses on improving systemic response to children engaged in begging by demonstrating and building capacities for rights-based intervention with children. The project aims to strengthen the families/communities to ensure that children receive appropriate care and protection by families (for instance, are sent to schools and not engaged in begging) and thereby prevent institutionalisation by the juvenile justice system.
